

It is impossible to try to describe fully what Jesus has done for me. Every time something new becomes truth for me.

You know what I realized? Sometimes I think that He died on the cross for me, just for me and the rest of humanity. But you know what I believe? I believe that when Jesus returned from hell to heaven He ran to His Father and said: *"Father, I did this for You."*

His obedience goes deeper than anything that I could ever go through. His obedience took Him through all the sin and evil of this world, not just my sin, or my pain, but the whole world.

I pray that my obedience will be more and more like His obedience.
